

“I was over the moon to get a job because I have been in hospital many time and I wanted to give something back.”

Nathan

Emergency Department Assistant

Queen Alexandra Hospital in
Portsmouth

Job role

- Assisting patients coming into the department and going to the pharmacy
- Helping with the transfer of patients
- Supporting people into ambulances
- Chatting with people waiting in the discharge room.

Some reasonable adjustments have been put in place, in order for Nathan to carry out his role, such as private space and exact timing for breaks.
